

## Candidates for Election

### PRESIDENT

#### Candidate 1 - Theresa Hearne

I have been a member of the society continuously for more than 30 years and have been an active member of the administrative team for the National and 3D Championships for more than 10 years.

In my employment career I was employed at the University of Essex starting in 1989 and finishing in 2007. I worked for several different departments starting with the Physics Department and finishing for the

last nine years at the Open College Network as Finance/Operations Manager and Company Secretary. I am also a trustee and treasurer for a local recycling charity.

I believe that every member of the NFAS should comply with the rules and be treated fairly and honestly.

NFAS field archery is a wonderful sport which is open to everyone on many levels, whether you aim to be the best archer in the world or just enjoy the sport on a lesser level. The NFAS is an all-inclusive society allowing families and friends to enjoy their archery together.

I believe I have the necessary skills and experience for the position of President and if

I am elected I will do my best to ensure that the NFAS continues to be a friendly society which is nationally focused.

**Theresa Hearne**

## Candidates for Election

### PRESIDENT

#### Candidate 2 – Harry Boyce

My name is Harry Boyce & I am 62 years old. I have been married to the boss for 44 years & lived to tell the tale.

My wife, having never had a hobby or past time said that she would like to try archery. I took her along to a local club & said to her “this is your sport I will not get involved, boy did I get that wrong.

I joined the NFAS in 1988, competed at my first National Champs in 1992 & think I have only missed attending one Championships since then. I have assisted at numerous 3D & National Champs including helping to lay 2 3D courses & 1 National Champs. I shot barebow for 22 years, HT for 1 year & currently been shooting Unlimited for the last 6 years. During my time in the NFAS I have seen many changes & watched the society progress to its current format to date.

As some of you may know I served as President of the NFAS for six years, from 2005 to 2011.

I stepped down in 2011 for a few reasons, the main one being my work commitments at the time which meant it was hard to commit the time required as an officer of the NFAS. We also had two small grandchildren which I wanted to spend more time with, plus having served for six years & the society was running & advancing quite nicely I felt it was time to hand over to a new pair of hands with fresh ideas & thoughts to take the society to the next level.

My work commitments have now changed considerably, enabling me to commit the time required for a job in office.

As a result, I would like to once again offer my services & stand for the role as President of the NFAS.

**Harry Boyce**  
**Nemesis Archers**
