

## May 8 2011 - Ballands Bowmen's Pen Ridge Shoot

Report by Maureen Simpson

128 archers shot 40 x 3Ds at our Pen Ridge course in Penselwood. It looked as though the long dry spell of weather would end by fulfilling our reputation for rain, but thankfully the rain confined itself to Saturday, leaving the course a little slippery in places, but generally dry. It was good to welcome archers from the further afield, who commented that the course was good practice for the upcoming 3D champs, while some of our regulars judged it to be our best course ever. Our steep, varied course gave lots of opportunity for shooting on slopes and creating deceptive shots. Well done to our course layers, Luke Baldry, Chris Pleasants and Dave Simpson. Many thanks to all the club members who helped in so many ways and all the archers who came and supported us and helped us clear the course.
