

Belvedere Bowmen
Open Shoot
22 August 2010
Report by Wilf Skinner, Shoot Administrator

***116 Archers attended the Purbeck Shooting School grounds expecting another great shoot in the usual balmy Dorset weather. Well, one out of two's not bad ! As all agreed the course laid by Carl Dallison was excellent (well, most of them did!!) but the fickle weather decided it was not going to play the game. At least the rain was warm and most people took their waterproofs off and stayed cooler, if no drier!!. Having cleared part of the Schools Storage shed so that we could at least hold the presentations in the dry the rain decided to stop as the score cards were coming in!!! There's a law that governs that kind of thing, isn't there. At least the presentations could be made out in the open air rather than all those damp bodies being indoors!
Our thanks to all who attended and we hope to see you in the Spring.***
