

## 22 May 2011 – Bowmen of Bude

Report by Bruno Dewaele

95 archers joined us for our shoot and the weather, thankfully, was good.

The course consisted of 36 x 3D targets and was laid by Pete and Warren who both received plenty of praise. Predator and pray targets had been deliberately left out as this year was a pre-champ course and, as such, was challenging but fair.

We were pleased to see new faces and archers returning to the field after long breaks. All in all, a great day and we look forward to welcoming you all back.
