

A glorious sunrise , over 'Bongs Wood', was a pleasant surprise, considering the weather forecast. The competitors, around 100, arrived on time , and again tucked in to "breakfast" supplied by the catering crew. We offered 2 x 20 targets mostly 3d's, with a couple of well-placed faces, and we tried some 2d's that have only recently gone on sale.

These 2d's were received well by the competitors, and many commented they had enjoyed shooting them.

We managed to kick off proceedings , around 10.35, with groups proceeding around the course steadily all day. We operated a 'shoot through' system so, although no lunch break was offered, although everyone passed catering twice.

A good day was enjoyed by all, with proceedings being finalised around, 4.45 pm.;
