

MASTER ARCHER SHOOT REPORT APRIL 26TH 2015

Despite the re scheduling of the shoot to the end of April instead of our customary 3rd sunday in May, we still had a good turnout of the faithful and some new faces. It is always great to greet the archers at the admin table and this shoot was no exception.

Visiting archers are asked to be kind to me as I try to sort out the shoot diary to ensure that all are given the chance to compete with us. I'm aware that there is a bit of an issue going on with the spacing of the shoots and I will be rectifying this somehow!

We had 63 archers booked in for the day but unfortunately had 4 cancel. Thanks so much to them for letting me know before the day. Much appreciated.

There was quite an invasion from Kings Lynn Field Archers.... very welcome as always. It's also great to see how well Logan is doing with his xbow under the watchful eye of Mike. He'll be overtaking Mikes scores soon!

Great to see visitors from Aurora, Avalon, Oakwood, Kings Forest, Whitefriars, Tendring, Priory, Rose and Arrows, Charnwood, Independents and our ever faithful Mike Popplestone who single handedly represents Liberty at our shoots.

Poor Alfie on arrival on the morning found that someone had once again messed with the course. This time he had to fish the crocodile out of the pond. Despite this slight setback he was praised by just about every archer for the lovely challenging course he set. There were a lot of deceptive shots which looked inviting and turned out to be tricky.

The catering was once again handled admirably by Andrew and Ian. Fantastic teamwork from these guys despite Ian singeing his eyelashes off lighting the water heater. Lucky the archers got coffee and tea at all!

Huge thanks go to the guys who set out the course and marshalled.

Look forward to welcoming everyone back to our next shoot which will be the Crystal shoot in August.

Didi

The scores with the * are master archer patch winners for setting a new high score
