

## **Broadland Bowmen - Xmas pudding shoot report – 20<sup>th</sup> Dec 2015**

The day dawned eventually making me glad I only had to travel 20 mins to get to the club and I much appreciate the efforts of the many archers who spent hours on the road travelling to us.

It was, as always, a pleasure to welcome all the smiling faces back to our lovely woodland.

Our 2x17 target course was well received by all and we took a leaf from Liberties book by changing the scoring. There was no 3<sup>rd</sup> arrow but instead a coin toss.. if it was called correctly you took the kill score, if you were wrong it was a wound. No one blanked any target.

We had a fantastic turnout of 73 archers who all seemed to enjoy the challenges set for them by Alfie. Fortunately the shoot ran smoothly and was winding up just as the temperature was beginning to drop.

Sincere apologies to the Barebow guys who were medalled in 2<sup>nd</sup> and 3<sup>rd</sup> only to lose their places because I had mucked up. I really do feel awful about that.

Huge thanks to all the Broadland members who helped out with the setting up on Saturday and with the running of the shoot today. Thanks also to Stacey my new trainee admin helper. She was thrown in the deep end a bit with such a good turnout but she did really well.

Look forward to seeing everyone back for the February shoot.

Didi
