

## Bowmen of Bude 10/04/2016

The storm forecast was daunting but the day started windy and bright when we welcomed 60 archers to our 2 x 18 predator and prey shoot. The wind was howling through the trees but the rain held off for the best part of the day and the sun kept shining. We had decided that this was to be named the "3D preservation shoot" after some archers had mentioned the challenging course during the of the day. We had good feedback and we do like everyone to leave our shoots with the memories of a day well spent.

Our next shoot is on the 9th October when we will be hosting the South West Crown, we have already decided that copious amounts of homemade cakes will be readily available throughout the day and we look forward to seeing you all there.

### Gents AFB

Brian Brown	Buzzard	476	1 Spot
Garfield Thomas	Spirit of the Greenman	468	2 spots
Joseph Willis	Independent	456	2 spots
Steve Rufus	Windwhistle	452
