

## Broadland Bowmen Field Archery Club

### Shoot Report for the Crystal Shoot August 21<sup>st</sup> 2016

The day dawned bright and warm which helped boost spirits as the set up of the kitchen and admin got under way.

Admin was set up in the new container recently bought by the club. The kitchen set up was in a gazebo .... an improvement on the old tin hut. We also have lovely new benches made for us by Lofty and new loos donated by Whitefriars so huge thanks to them also.

Alfie as usual had set out an awesome course enjoyed by all our visiting archers. Many compliments all round on the course and the new look and set up of the club. It's all coming together gradually. Onwards and upwards.

It was lovely to see all our regulars back again. Hugs all round. Also really good to see our esteemed NFAS president Trish shooting with us.

As many are aware our Chairman Mark and his wife Stacey are raising money for Stacey to get a mountain trike to enable her more access ..... for archery obviously so when they reach their total you will all see the awesome shooting from her. Mark organised a raffle with the prize being a voucher for 75 pounds very kindly donated by Clickers Archery. The prize was won by a very lucky Bob Keeley and a grand total of 98 pounds was raised so thanks to everyone who supported this worthy cause.

Thanks to all the guys who helped out to make this shoot as good as it was. Apologies for the mix ups at medal time....your poor admin was trying to manage with day 2 of a migraine that should really have seen me resting up in a quiet place.

Anyway enough rambling .... here are the scores...
