

MUTTLEY CREW ARCHERS SHOOT REPORT 26TH FEBRUARY 2017.

This shoot was the inaugural open shoot at our new woodland, it has been 11 month since we lost our first wood and after a lot of searching we found our new home in October 2016, and have spent 4 month getting it to a 36 course stage in a small part of the available woodland, and for our May open we hope to have an alternative course to shoot than this first shoot.

Our host, the Prescot and Odyssey Cricket club, allow us the use of their facilities and this went down very well. Good car parking, real toilets and the pavilion for catering and booking in. (luxury).

We had 119 archers booked in and only 10 no shows, with these being for illness or breakdowns (car ones not my kind of breakdown LOL).

All archers where registered with great efficiency by Dawn Weldon and Mark Smith and we got to hold the shoot brief on time.

Fortunately Storm Doris was good to our trees and the only damage was 2 dead trees out of the shoot area. The weather gods were also with us and it stayed dry for the whole day, however the mud god stayed with us.

We managed to get all archers on to their pegs and started shooting by 10.20 (ish). The course is relatively tight and cosy but it appeared to move quite well with just the odd hold up, but nothing that caused delays.

We cannot thank the archers enough for the kind comments received on the day and on social media. The problem is maintaining it again, seriously though, the comments made all the effort heart warming. Just need a few week off to recover and then set about planning the next one in May.

We gave an hour for lunch and I was amazed that all archers got back on course bang on time with no fuss at all. We cannot thank you all enough for being so helpful in making this shoot so pleasing to us.

Anyway enough of all that soppy stuff. All the cards were returned to admin and the results established while the raffle took place. Dawn collated the results with great efficiency as is expected from a new member to the Weldon family, I knew Barry has good taste. Better stop there and give you the results.

Gents Compound Limited :-

1st Rob Pierce, Redoubtables 716 and 11 spots.

2nd Paul Greenwood, Team Firebird 704 and 10 spots.

3rd Ray Bell, Cheshire oak, 658 and 6 spots.
