

## MUTTLEY CREW ARCHERS SHOOT REPORT.

21<sup>ST</sup> MAY 2017.

This was our second open shoot at our new wood using a different area of the 22 acres available to us. The weather was very kind to us with blue skies all day. Our host the Prescot and Odyssey Cricket club provided the admin area and catering along with essential wc facilities.

95 archers enjoyed the day and were very appreciative and complementary to our efforts to set a fair but challenging 36 course.

Can I thank them all for the courtesy shown to our hosts facilities and to the public at an adjoining event, also for getting back to the pegs after dinner on time, and in returning the manageable 3D targets back to storage, enabling all to get away on the journey home by 5pm.

We had no reported accidents, just the arrow losses which we will search for.

The work for Octobers shoot will get underway shortly and we hope to see you all again.

Geoff Weldon.
