

Wolfshead Field Archers
3rd September 2017

The 61 archers who attended Wolfshead Field Archers last open shoot of 2017 appeared to have enjoyed themselves. The weather allowed full use of the new outdoor seating and dining facilities, although I did overhear some comments about it being 'breezy' on the moorland section at times. The investment in new 3-D targets that has complimented the course improvements made earlier in the year was certainly appreciated by our guests. Hopefully we'll see you all again next year. To those who haven't visited yet, why not make a weekend of it for one of our shoots next year and explore the North Yorkshire Moors National Park and the nearby resorts of Whitby, Robin Hoods Bay and Scarborough.

Thanks as always to all who attended the shoot, and to club members for the catering, marshalling and course maintenance that makes the shoot possible.
