

## **Black Arrow FAC 23rd September 2018**

### Shoot report and results

93 archers on the day, we had 117 booked, 24 didn't make it for various reasons, however we would like to thank those 24 as they all let us know they wouldn't be coming. We didn't have any 'no shows' the 5 that didn't arrive Sunday morning sent messages to let us know, this was so much help to admin ... thank you very much.

The weather during the week before had been very worrying!! Off to the wood we went on Saturday morning to see what damage awaited us, luckily not a lot, our team soon got a few fallen branches etc. out of the way and got on with the final tweaks to the course. We did have some drizzly rain but the strong winds had subsided. We put a tarp and gazebo up for visitors if they needed shelter.

Sunday started a bit drizzly again, everyone arrived in good time and we were ready for just after 10am. unfortunately one archer got lost and ended up on the wrong peg, we got him safely back to where he needed to be, this did delay the start a little but everyone was patient.

The weather cleared up, the sun put in a welcome appearance, and we all had a great day.

Well done to all the winners, and thank you all for coming, also thank you to our course layers, catering team and admin for all their work also our members for looking after our visitors.
