

Ye Olde Delph Bowmen

24th Oct 2010

120 archers met on what was a beautiful autumn morning, the kitchen was busy providing bacon, egg, sausage and even black pudding butties ,and we even had curry and chips for dinner, everyone was looking forward to a good day, The weather helped and was good all day which was one reason everyone was in a good mood and laughter could be heard all around the course, the course was waiting to test everyone and the course layers had done a great job, thanks to John and his team .Everyone I talked to during the day said that they had enjoyed the day from shooting Shrek to the new hand made large brown bear, how far was that set at ??? to the small always set too long weasel. We would like to thank all who helped on what turned out to be an excellent days shooting. Hope to see you all again in Feb 2011
