

Sunday 22nd January 2012 Pines Park Archers Charity Shoot.

Report by Richard Sansom

100 archers arrived at our Sansom Wood site in the middle of Sherwood Forest, situated near Papplewick Pumping Station, to be greeted by a quite windy day. Many new, and returning archers from all over the country were soon booking in and queuing for their breakfast. We managed to complete all the formalities, get people out to peg and start about 10.30.

A course of 36 x 3d's had been set out in our woodland with all groups proceeding around the course until mid afternoon. We operated a 'shoot through', but many archers were able to stop and take in refreshments as they passed catering 2 times. Keeping warm was the order of the day because of wind chill factor.

Many of our competitors made positive comments about the setting of a shorter but challenging course, which had been enjoyed by all.

Well done to our course layers and also many thanks to our team of club members, who along with all you visiting archers made it a very worthwhile and enjoyable day.
