

Sunday 31st July 2011 Pines Park Archers.

Report by Richard Sansom

50 archers arrived at our Sansom Wood site in the middle of Sherwood Forest, situated near Papplewick Pumping Station, to be greeted by bright sunshine. Many new archers from all over the country were soon booking in and queuing for their breakfast. We managed to complete all the formalities, get people out to peg and start about 10.30.

A course of 40 3d's had been set out in our woodland with all groups proceeding around the course until late afternoon. We operated a 'shoot through', but many archers were able to stop and take in refreshments as they passed catering 3 times. Fluid replacement was the order of the day because of the increase in temperature.

Many of our competitors made positive comments about the setting of a challenging course, which had been enjoyed by all.

Well done to our course layers and also many thanks to our team of club members, who along with all you visiting archers made it a very worthwhile and enjoyable day.

Shooting Style	Age	First Names	Surname Names	Score	Club
AFB	Gents				
		Paul	Meeson	688	Artemis Archers
		Russell	French	666	Independent
