

10th July - Raven Field Archers

86 archers attended our second 36-3D shoot of the year at "Head Down" woods near Buriton in Hampshire. The weather was kind to us by staying hot and sunny all day. Water stops around the course were added in. These were much appreciated, as the archers discovered we had moved this shoot to the very much steeper slopes within the "Head Down" woods. It's great to have so much choice of woodland to work with. I would like to thank Bill and Carol, our caterers, who kept the archers, fed and watered all day and a big thank-you to Richard and "Moo" our course setters, the admin staff and all the club members who helped. Steve Palmer.
