

COMPANY OF 60, SHOOT RESULTS OPEN SHOOT, 15 MARCH 2020

SHOOT REPORT

Our first shoot of the year was one of the biggest ever, attracting 139 archers, as it seemed the world and his wife wanted to get a shoot under their belt before the Corona virus shut the world down. The great turn-out was welcome, not least because this was a memorial shoot in memory of our much-missed club coach Debbie Wood-Downer, who sadly passed away recently. As well as a collection on the day, half the shoot fees are being donated to charity, meaning both The British Heart Foundation and Cancer Research UK will receive over £300 each.

Conditions for archers were challenging, and we're not even talking about the targets. The course layers had made full use of what appeared to be strategically placed ready-mixed mud, whilst the wettest February on record delivered some interesting 'water hazards' for people to navigate. Both our Christmas Tree and Savannah courses had a full complement of 3Ds which kept our visitors busy long into the afternoon. They rewarded us with some truly outstanding scores. So impressive, that during the medal presentation our Master of Ceremonies, Stefan, doubted people's maths! Top marks to the course layers who battled with the weather in the weeks prior to the shoot to set some excellent shots. Praise also to Lorraine and her catering team of Amie, Claude and Roy, who kept hungry archers on the go.
