

Kendal Bowmen – July 25th

With a big sigh of relief we were back to reasonably normal for this shoot on July 25th. Registration was moved back to the central area thus allowing catering to be had on arrival as well as at the mid shoot lunch stop, and creating a much more sociable atmosphere, albeit with sensible social distancing. Also we could dispense with the staggered start so returning to the norm of all moving around the 2 x 20 mixed round course at the same time. Added to that we had a dry sunny day, were able to use our first choice parking area, and so all was well.
